Advance-Nilfisk Part - Imagine how tiresome it will really be to clean up your very own home after having a big party, with out aid from cleaning equipment. In the past, when carpets and upholstery had the dirt beat out of them by hand; brushes, brooms and cleaning cloths were the state-of-the-art cleaning materials during that time.

The man who established Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who liked to work on electrical motors. After starting his business during 1906, he started to produce motors to drive drills, coffee grinders, fans and machine tools. Mr. Fisker's vision from the beginning was to have a worldwide business advertising products worldwide.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented a incredible, ground breaking vacuum cleaner which can be operated by a single individual in view of the fact that it just weighed 17.5 kilos! This invention came in a time where other cleaning machines were huge and required at least 4 operators, thus, the Nilfisk C1 transformed everything and developed the method we clean forever. The mastermind behind these first cleaning equipment remains unparalleled. Cleaning machines offer a brilliant solution to an existing problem; things get dirty and have to be cleaned regularly, without too much effort.

Little by little, the company Nilfisk-Advance developed all through the years. During the the early part of the 1980's the business developed fast when the company became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the business, aspiring to be an active international player in manufacturing professional cleaning equipment. Nilfisk-Advance is presently represented in all parts of the world due to gradually acquiring a lot of smaller businesses to be able to develop their product selection and presence in new markets. They are really proud to provide a range of cleaning solutions to meet each and every requirement.
